

Faisalabad Garment City Company

**FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2021**

Faisalabad Garment City Company
1-1/2 KM 9 Channai Road,
Khananwala, Faisalabad.

**REVIEW REPORT TO THE MEMBERS
ON THE STATEMENT OF COMPLIANCE WITH THE PUBLIC SECTOR COMPANIES
(CORPORATE GOVERNANCE) RULES, 2013**

We have reviewed the enclosed Statement of Compliance with the best practices contained in the Public Sector Companies (Corporate Governance) Rules, 2013 (the Rules) prepared by the Board of Directors of Faisalabad Garment City Company for the year ended June 30, 2021.

The responsibility for compliance with the Rules is that of the Board of Directors of the Company. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Rules and report if it does not and to highlight any non-compliance with the requirements of the Rules. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Rules.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Rules requires the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval its related party transactions distinguishing between transactions carried out on terms equivalent to those that prevail in arm's length transactions and transactions which are not executed at arm's length price and recording proper justification for using such alternate pricing mechanism. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee. We have not carried out any procedures to determine whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the best practices contained in the Rules as applicable to the Company for the year ended June 30, 2021.

Independent Auditors' Report to the Members of Faisalabad Garment City Company

Report on the Audit of the Financial Statements

Opinion

We have audited the annexed financial statements of **Faisalabad Garment City Company** (the Company), which comprise the statement of financial position as at June 30, 2021, and the income and expenditure statement, the statement of changes in funds, the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, the income or expenditure statement, the statement of changes in funds and the statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at June 30, 2021 and of the surplus, the changes in funds and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Financial Statements and Auditors' Report Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

Office No.1, 2nd Floor, Legacy Tower, Kohinoor City, Faisalabad - Pakistan. Phone: 92-41-8731632, 8731650

E-mail: hyderbhimji@fscd@gmail.com Website: www.krestonhb.com

Other offices: Karachi, Lahore, Islamabad

A member of Kreston Network of member firms of the International Network of Independent Member Firms

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017(XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors is responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are

Chairman
Board of Directors, The Company
12 KM S. M. Road,
Karachi, Pakistan.

required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- b) the statement of financial position, the income and expenditure statement, the statement of changes in funds and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- c) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- d) no zakat was deductible at source under the Zakat and Usher Ordinance, 1980 (XVIII of 1980)

The engagement partner on the audit resulting in this independent auditor's report is Amber Razzaq.

KHR

CHAIRMAN

DIRECTOR

CHIEF ACCOUNTANT

FAISALABAD GARMENT CITY COMPANY
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2021

1. STATUS AND ACTIVITIES

Faisalabad Garment City Company (the Company) was incorporated on 8th May, 2006 under Section 42 of the repealed Companies Ordinance, 1984 (new Companies Act, 2017) as a Company Limited by Guarantee without the addition of word "Limited" to its name. The registered office of the Company is situated at Value Addition City, 1-1/2 km Khurrianwala Sahianwala Road, Khurrianwala, Faisalabad. The principal object of the Company is to promote, finance, establish, run, manage, maintain and develop state of art facilities for garments, home textiles, hosiery made-ups, accessories and allied industry in Textile City of Faisalabad by providing necessary infrastructure to manufacturers, designers and exporters, after necessary approvals/sanctions of the Government of Pakistan.

1.1 The present Board of Directors was reconstituted by the Prime Minister of Pakistan vide notification No.1(9)TID/14-D-II, dated 23rd June 2017 of Ministry of Textile Industry. The tenure of present Board of Directors was expired on 22nd June 2020 in terms of Rule 3A of the Public Sector Companies (Corporate Governance) Rules, 2013 read with Section 161 of the Companies Act, 2017 which inter alia provide the tenure of three (3) years being the office holding period of directors of Public Sector Company and as per clause 30 mentioned in Articles of Association of the Company. However, regarding status of present Board, the legal advisor of the company has given his opinion which categorically affirms the validity of the Board in the following words; *"The Directors/Board of Directors of the Company have been reconstituted by the Prime Minister of Pakistan and no tenure has since been given in the said notification for the said directors/Board of Directors. Moreover, the provisions of Section 158, 159, 161, 162 and 163 are not applicable to this company (FGCC). The concerned Ministry or the Prime Minister of Pakistan has neither passed any notification to restrain the present BODs for working nor has reconstituted any fresh BODs. In these circumstances we are of the opinion that under Section 165 (3) of the Companies Act, 2017 the present Directors/Board of Directors of the Company shall hold office during the pleasure of the nominating body."*

1.2 Under rule 5(2) of the Public Sector Companies (Corporate Governance) Rules, 2013, the Board of Directors are required to evaluate and recommend possible candidates for the position of Chief Executive Officer to the Government for its concurrence for appointment as Chief Executive of the Company. The company was granted approval for relaxation from the appointment of chief executive separate from the chairman, by the Securities and Exchange Commission of Pakistan (SECP) as required under Rule 4(I) of Public Sector Companies (Corporate Governance) Rules, 2013 for one year i.e., 2019. An application for relaxation/exemption for the appointment of chief executive officer (CEO) was submitted to SECP for a period of two years i.e., until 2021. Afterwards, Ministry of Textile vide letter no. 1(9)TID/14-DEV-II dated 6th November 2020 directed the Company to start the process of appointment of a separate CEO within the period of one month and Ministry of Commerce vide letter no. 1(9)TID/14-Dev dated 19 January 2021, directed the Company to complete the process within the period of three months. The Company has advertised the post two times but till the reporting date, the position of CEO remained vacant.

The board has approved chairman and one director to authorize these financial statements, at present the company is not in a position to fulfill the requirements of section 227(5) and 232 of Company Act 2017, which inter alia require endorsement by Chief Executive Officer on director's report, statement of compliance with requirements of Public Sector Companies (Corporate Governance) Rules, 2013, and financial statements.

2. BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Accounting Standard for Not for Profit Organizations (Accounting standard for NPOs) issued by the Institute of Chartered Accounts of Pakistan (ICAP) as notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRSs or the Accounting Standard for NPOs, the provisions of and directives issued under the Companies Act, 2017 have been followed.

Handwritten signature

Handwritten signature
Faisalabad Garment City Company
1-1/2 km Khurrianwala Sahianwala Road,
Khurrianwala, Faisalabad

2.2 Basis of measurement

These financial statements have been prepared under the historical cost convention except as otherwise stated in the respective policy notes.

2.3 Functional and presentation currency

These financial statements are presented in Pakistani Rupee which is also the Company's functional currency.

3. NEW AND REVISED STANDARDS, INTERPRETATIONS AND PRONOUNCEMENTS

3.1 Standards, interpretations and amendments to approved accounting standards which became effective during the year

- **Amendments to IFRS 9, 'Financial Instruments'; IAS 39, 'Financial Instruments: Recognition and Measurement, and IFRS 7, 'Financial Instruments: Disclosures' - Interest Rate Benchmark Reform:**

The changes in Interest Rate Benchmark Reform

- i. modify specific hedge accounting requirements so that entities would apply those hedge accounting requirements assuming that the interest rate benchmark on which the hedged cash flows and cash flows from the hedging instrument are based will not be altered as a result of interest rate benchmark reform;
- ii. are mandatory for all hedging relationships that are directly affected by the interest rate benchmark reform;
- iii. are not intended to provide relief from any other consequences arising from interest rate benchmark reform (if a hedging relationship no longer meets the requirements for hedge accounting for reasons other than those specified by the amendments, discontinuation of hedge accounting is required);
- iv. and require specific disclosures about the extent to which the entities' hedging relationships are affected by the amendments.

The amendment does not have any impact on the Company's financial statements

- **Amendment to IFRS 16, 'Leases' - Covid-19-Related Rent Concessions:**

The changes in Covid-19-Related Rent Concessions (Amendment to IFRS 16) amend IFRS 16 to provide lessees with an exemption from assessing whether a COVID-19-related rent concession is a lease modification; require lessees that apply the exemption to account for COVID-19-related rent concessions as if they were not lease modifications; require lessees that apply the exemption to disclose that fact; and require lessees to apply the exemption retrospectively in accordance with IAS 8, but not require them to restate prior period figures. The interpretation does not have any impact on the Company's financial statements.

- **Amendments to IAS 1, 'Presentation of financial statements', and IAS 8, 'Accounting policies, changes in accounting estimates and errors':**

These amendments and consequential amendments to other IFRSs:

- (i) use a consistent definition of materiality throughout IFRSs and the Conceptual Framework for Financial Reporting;
- (ii) clarify the explanation of the definition of material; and
- (iii) incorporate some of the guidance in IAS 1 about immaterial information.

These amendments do not have any significant impact on the Company's financial statements.

- **Amendment to IFRS 3 'Business Combinations' - Definition of a Business:**

The IASB has issued amendments aiming to resolve the difficulties that arise when an entity determines whether it has acquired a business or a group of assets. The amendments clarify that to be considered a business, an acquired set of activities and assets must include, at a minimum, an input and a substantive process that together significantly contribute to the ability to create outputs. The amendments include an election to use a concentration test. The amendment does not have any impact on these financial statements.

The other amendments to published standards and interpretations that are mandatory for the financial year are considered not to be relevant or to have any significant impact on the Company's financial reporting and operations and are therefore not disclosed in these financial statements.

KAR

Standards, interpretations and amendments to approved accounting standards that are issued but not yet effective and have not been early adopted by the Company

- **Amendment to IAS 16 'Property, Plant and Equipment' - Proceeds before Intended Use (effective for annual period beginning on or after January 01, 2022):**

The amendment prohibit deducting from the cost of an item of property, plant and equipment any proceeds from selling items produced while bringing that asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Instead, an entity recognizes the proceeds from selling such items, and the cost of producing those items, in income and expenditure statement. The amendment is not likely to have an impact on the Company's financial statements.

- **Amendment to IAS 37 'Provisions, Contingent Liabilities and Contingent Assets' - Onerous Contracts - Cost of Fulfilling a Contract (effective for annual period beginning on or after January 01, 2022):**

The amendment specify that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The amendment is not likely to have an impact on the Company's financial statements.

- **Amendments to IFRS 3, 'Business Combinations' - Reference to the Conceptual Framework (effective for the Company's annual period beginning on January 1, 2022):**

The amendments are intended to replace a reference to the Framework for the Preparation and Presentation of Financial Statements, issued in 1989 with a reference to the Conceptual Framework for Financial Reporting, that was issued in March 2018, without significantly changing its requirements. In addition, the Board added an exception to the recognition principle of IFRS 3 to avoid the issue of potential ~~may /~~ gains or losses arising for liabilities and contingent liabilities and it clarified existing guidance in IFRS 3 for contingent assets. The amendment is not likely to have an impact on the Company's financial statements.

- **Amendments to IAS 1, 'Presentation of financial statements' - Classification of Liabilities as Current or Non-current (effective for the Company's annual period beginning on January 1, 2022):**

The amendments specify that the conditions which exist at the end of the reporting period are those which will be used to determine if a right to defer settlement of a liability exists. Management expectations about events after the reporting date, for example on whether a covenant will be breached, or whether early settlement will take place, are not relevant. The amendments clarify the situations that are considered settlement of a liability.

- **Amendments to IAS 8, 'Accounting policies, changes in accounting estimates and errors' - Definition of Accounting Estimates (effective for the Company's annual period beginning on January 01, 2023):**

The amendments replace the definition of a change in accounting estimates with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The amendments clarify that a change in accounting estimate that results from new information or new developments is not the correction of an error. The Company is yet to assess the full impact of the amendment.

- **Amendments to IAS 1, 'Presentation of financial statements' and IFRS Practice Statement 2- Disclosure of Accounting Policies (effective for the Company's annual period beginning on January 01, 2023):**

the IASB has issued amendments on the application of materiality to disclosure of accounting policies and to help companies provide useful accounting policy disclosures. The key amendments to IAS 1 include:

- requiring companies to disclose their material accounting policies rather than their significant accounting policies;
- clarifying that accounting policies related to immaterial transactions, other events or conditions are themselves immaterial and as such need not be disclosed; and
- clarifying that not all accounting policies that relate to material transactions, other events or conditions are themselves material to a company's financial statements.

KAB

The IASB also amended IFRS Practice Statement 2 to include guidance and two additional examples on the application of materiality to accounting policy disclosures. The amendment is not likely to have an impact on the Company's financial statements.

- **Annual Improvements to IFRS Standards 2018-2020 Cycle.** The new cycle of improvements addresses improvements to following approved accounting standards (effective for annual period beginning on or after January 01, 2022):
 - IFRS 1 First-time Adoption of International Financial Reporting Standards. This amendment simplifies the application of IFRS 1 for a subsidiary that becomes a first-time adopter of IFRS Standards later than its parent - i.e. if a subsidiary adopts IFRS Standards later than its parent and applies IFRS 1.D16(a), then a subsidiary may elect to measure cumulative translation differences for all foreign operations at amounts included in the consolidated financial statements of the parent, based on the parent's date of transition to IFRS Standards.
 - IFRS 9 Financial Instruments. The amendment clarifies which fees an entity includes when it applies the '10 percent' test in assessing whether to derecognize a financial liability. An entity includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other's behalf.
 - IAS 41 Agriculture. The amendment removes the requirement for entities to exclude taxation cash flows when measuring the fair value of a biological asset using a present value technique. This will ensure consistency with the requirements in IFRS 13 - Fair Value Measurement.

There are other amendments and interpretations to the approved accounting standards that are not yet effective and are also not relevant to the Company and therefore, have not been presented here.

Further, the following new standards have been issued by the International Accounting Standards Board (IASB), which are yet to be notified by the Securities and Exchange Commission of Pakistan (SECP), for the purposes of their applicability in Pakistan:

IFRS - 1 'First time adoption of International Financial Reporting Standards'.

IFRS - 17 'Insurance Contracts'.

4. USE OF ESTIMATES AND JUDGMENTS

The preparation of financial statements in conformity with the approved accounting standards, as applicable in Pakistan, requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

The areas where various assumptions and estimates are significant to the Company's financial statements or where judgment was exercised in application of accounting policies are as follows:

- Estimate of useful life of property, plant and equipment - note 5.1
- Impairment of non financial assets - note 5.7
- Taxation - note 5.11
- Provisions - note 5.12
- Contingencies - note 5.13

5. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated in the respective notes.

5.1 Property, Plant and equipment

Fixed assets are stated at cost less accumulated depreciation and accumulated impairment, if any. Cost in relation to fixed assets signifies historical cost. Historical cost includes expenditures that are directly attributable to the acquisition or construction of assets.

KAR

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with such costs will flow to the entity and such costs can be reliably measured. Cost incurred to replace a component of an item of the fixed assets is capitalized and the asset so replaced is retired from use. Normal repair and maintenance costs are charged to statement of income and expenditure during the period in which these are incurred.

Depreciation is charged to income and expenditure statement applying the reducing balance method so as to write off the historical cost / depreciable amount of the assets over their expected useful life at the rates mentioned in note 6.

Depreciation on additions during the year is charged from the month the asset is available for use while no depreciation is charged in the month in which the asset is disposed off. The residual values and useful lives of assets are reviewed by the management at each financial year end and adjusted if impact on depreciation is significant.

Any gain or loss on disposal of assets is included in statement of income and expenditure in the year in which the assets are derecognized.

5.2 Investment property

Property not held for own use or for sale in the ordinary course of business is classified as investment property. The investment property of the Company comprises of land and building and is valued using the cost model i.e. at cost less accumulated depreciation and identified impairment loss, if any, except for land which is stated at cost.

Depreciation is charged to income and expenditure statement by applying the reducing balance method at the rates specified in note 7.1 to the financial statements so as to write off the depreciable amount over its estimated useful life. Depreciation on additions during the year is charged from the month in which a property is acquired or capitalized while no depreciation is charged for the month in which the property is disposed off.

The residual values and useful lives of investment property are reviewed at each financial year end and adjusted if impact on depreciation is significant.

The gain or loss on disposal of investment property represented by the difference between the sale proceeds and the carrying amount of asset is recognized as income or expense in the year in which the asset is disposed off.

5.3 Capital work in progress

Capital work in progress is stated at cost less accumulated impairment in value, if any. All expenditures connected with specific assets incurred during installation and construction period are carried under capital work-in-progress. These specific assets are transferred to operating fixed assets as and when these assets are available for intended use.

5.4 Store inventory

Inventory is valued at moving average cost, except items in transit which are stated at cost, comprising invoice values plus other charges paid thereon. Provision is made for slow moving and obsolete store items when so identified.

5.5 Loans, advances, prepayments and other receivables

Loans, advances, prepayments and other receivables are initially recognized at fair value and subsequently carried at amortized cost which approximate fair value of the consideration receivable, less any allowance for expected credit losses.

The Company has applied the simplified approach to measuring expected credit losses, which uses a lifetime expected loss allowance.

Loans, advances, prepayments and other receivables considered irrecoverable are written off.

5.6 Cash and cash equivalents

Cash and cash equivalents comprise of cash and cheques in hand and at banks and include short term highly liquid investments. The cash and cash equivalents are readily convertible to known amount of cash and are subject to insignificant risk of change in value.

KHB
CA
13/11/2024
13/11/2024
13/11/2024

5.7 Impairment of non financial assets

The carrying amounts of the Company's non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists then the asset's recoverable amount is estimated.

An impairment loss is recognized if the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount. A cash generating unit is the smallest identifiable asset group that generates cash flows that largely are independent from other assets and groups.

Impairment losses are recognized in statement of income and expenditure. Impairment losses recognized in respect of cash generating units are allocated first to reduce the carrying amount of any goodwill allocated to the units and then to reduce the carrying amount of the other assets of the unit on a pro-rata basis. Impairment losses on goodwill shall not be reversed.

An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized. Prior impairments of non-financial assets (other than goodwill) are reviewed for possible reversal at each reporting date.

5.8 Deferred income

Amounts received as grant in aid from Government and other agencies for the development of specific assets are recognized at their fair value where there is a reasonable assurance that the grant will be received and the Company will comply with all attached conditions. Grants relating to costs are deferred and recognized in the income and expenditure over the period necessary to match them with the costs that they are intended to compensate. Grants relating to the fixed assets are included in non current liabilities as deferred income and are credited to income and expenditure on a straight-line basis over the expected lives of the related assets.

5.9 Staff retirement benefits

Defined Benefit Plan

The Company operates an funded gratuity scheme for its employees who have completed the qualifying period as defined under the respective scheme. The amount of liability for each employee at year end is computed by number of years completed multiplied by the last drawn monthly salary. The difference between the current and the previous liability net of payment made during the year is charged to income as an expense for the year.

5.10 Trade and other payables

Liabilities for trade and other payables are carried at their amortized cost, which approximate fair value of the consideration to be paid in future for goods and services received, whether or not billed to the Company.

5.11 Taxation

Provision for current tax is based on the taxable income for the period determined in accordance with the prevailing law for taxation of income. The charge for current tax is calculated using prevailing tax rates or tax rates expected to apply to the surplus for the period if enacted. The charge for current tax also includes adjustments, where considered necessary, to provision for tax made in previous years arising from assessments framed during the period for such years.

Deferred tax is accounted for using the statement of financial position method, where applicable.

5.12 Provisions

Provisions are recognized when the Company has a present, legal or constructive obligation as a result of past event and it is probable that an outflow of economic resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are reviewed periodically and adjusted to reflect the current best estimates.

5.13 Contingencies

The assessment of the contingencies inherently involves the exercise of significant judgment as the outcome of the future events cannot be predicted with certainty. The Company, based on the availability of the latest information, estimates the value of contingent assets and liabilities, which may differ on the occurrence/ non-occurrence of the uncertain future event(s).

[Handwritten signature]

[Handwritten signature]
[Faint blue circular stamp]

5.14 Revenue recognition

- Rental income is recognized as revenue on accrual basis.
- Profit on bank deposits is accounted for on time proportionate basis using effective rate of interest method.
- Other revenues are recorded on accrual basis.

5.15 Related party transactions

Transactions with related parties are executed at arms' length basis under the pricing method approved by the Board of Directors.

5.16 Financial instruments

5.16.1 Financial assets

A financial asset is measured at amortized cost if it is held in order to collect contractual cash flows which arise on specified dates and that are 'solely payment of principal and interest (SPPI)' on the principal amount outstanding. A debt investment is measured at fair value through other comprehensive income (FVOCI) if it is held in order to collect contractual cash flows which arise on specified dates that are solely principal and interest and as well as selling the asset on the basis of its fair value. All other financial assets are classified and measured at fair value through profit or loss (FVPL) unless the Company makes an irrevocable election on initial recognition to present gains and losses on equity instruments in other comprehensive income. Despite these requirements, a financial asset may be irrevocably designated as measured at FVPL to reduce the effect of, or eliminate, an accounting mismatch.

A. Classification and measurement of financial assets

Investments and other financial assets

Classification:

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through income and expenditure), and
- those to be measured at amortized cost

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows. In order for a financial asset to be classified and measured at amortized cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest (SPPI)' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level. The Company's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows.

For assets measured at fair value, gains and losses will either be recorded in income and expenditure statement or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income. The Company reclassifies debt investments when and only when its business model for managing those assets changes.

Measurement:

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at FVPL, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at FVPL are expensed in income and expenditure statement.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

Debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

Handwritten signature

Handwritten signature and stamp

Amortized cost

Financial assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. Interest income from these financial assets is included in other income using the effective interest rate method. Any gain or loss arising on derecognition is recognized directly in income and expenditure statement and presented as other income / (other expenses) together with foreign exchange gains and losses. Impairment losses are presented as separate line item in the income and expenditure statement.

Fair value through other comprehensive income (FVOCI)

Financial assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVOCI. Movements in the carrying amount are taken through other comprehensive income, except for the recognition of impairment losses (and reversal of impairment losses), interest income and foreign exchange gains and losses which are recognized in income and expenditure statement. When the financial asset is derecognized, the cumulative gain or loss previously recognized in other comprehensive income is reclassified from equity to income and expenditure statement and recognized in other income / (other expenses). Interest income from these financial assets is included in other income using the effective interest rate method. Impairment losses are presented as separate line item in the income and expenditure statement.

Fair value through profit or loss (FVPL)

Financial assets at FVPL include financial assets held for trading, financial assets designated upon initial recognition at FVPL, or financial assets mandatorily required to be measured at fair value. Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the near term. Financial assets with cash flows that are not solely payments of principal and interest are classified and measured at fair value through income and expenditure statement, irrespective of the business model. Notwithstanding the criteria for debt instruments to be classified at amortized cost or at FVOCI, as described above, debt instruments may be designated at FVPL on initial recognition if doing so eliminates, or significantly reduces, an accounting mismatch.

Financial assets at FVPL are carried in the statement of financial position at fair value with net changes in fair value recognized in the income and expenditure statement.

B. Derecognition:

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized when:

The rights to receive cash flows from the asset have expired, or

The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if, and to what extent, it has retained the risks and rewards of ownership.

When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognize the transferred asset to the extent of its continuing involvement. In that case, the Company also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

KAB

[Handwritten signature]
14/12/2019
Kauritama, Kauritama

C. Impairment:

The Company record an allowance for a forward-looking expected credit loss (ECL) approach for all loans and other debt financial assets not held at FVPL.

ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive. The shortfall is then discounted at an approximation to the asset's original effective interest rate.

For receivables, the Company has applied the standard's simplified approach and has calculated ECLs based on lifetime expected credit losses. The Company has established a provision matrix that is based on the Company's historical credit loss experience, adjusted for forward-looking factors specific to the receivables and the economic environment. However, in certain cases, the Company may also consider a financial asset to be in default when internal or external information indicates that the Company is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Company.

5.16.2 Financial liabilities

A. Classification and measurement:

Financial liabilities at amortized costs are initially measured at fair value minus transaction costs. Financial liabilities at FVPL are initially recognized at fair value and transaction costs are expensed in the income and expenditure.

Financial liabilities, other than those at FVPL, are subsequently measured at amortized cost using the (EIR) effective interest rate method.

B. Derecognition:

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the income and expenditure statement.

5.16.3 Offsetting of financial assets and liabilities

Financial assets and financial liabilities are set off and the net amount is reported in the financial statements when there is a legally enforceable right to set off and the company intends either to settle on a net basis, or to realize the assets and to settle the liabilities simultaneously.

7.2 This amount relates to the project related consultancy fee for the development of investment property, i.e. buildings for rent, and CWIP as required research on the development of investment property.

7.3 This property is held for earning rental income and not for capital appreciation. The Company carries investment property under cost model as its fair value cannot be reliably determined because there is no active market for this property and a recent comparable transaction for identical property is also not available. Further, the application of valuation techniques is not supposed to provide a reliable measure of fair value.

There is no restriction on the realizability of its investment properties and no other contractual obligations to purchase, construct or develop investment properties or for repairs, maintenance and enhancements. The possible range of estimates with in which the fair/forced sale value is highly likely to lie is from Rs. 1,722 million to Rs. 2,175 million.

17. DEFERRED INCOME			
Grant balance as at 01, July			
Punjab Day Care Fund Society (PDCF Society)	17.1	529,422	1,630,000
Public Sector Development Programme (PSDP)	17.2	2,629,142	2,999,707
Japan International Cooperation Agency (JICA)		33,994,241	36,467,487
		37,152,805	41,097,194
Amortization of grant			
Day care assets	6.3	(52,943)	(53,428)
Day care expenses		-	(1,047,150)
Female Exclusive Training Institute (FETI) assets	6.3	(3,713,085)	(2,666,298)
Female Exclusive Training Institute (FETI) inventory		-	(177,513)
		(3,766,028)	(3,944,389)
Closing balance		33,386,777	37,152,805
17.1	This represents grant received from Punjab Day Care Fund Society (PDCF), Directorate of Women Development, Lahore. The purpose of the fund is establishment of day care center to support working women by making workplace woman friendly through availability of quality and convenient child care. The PDCF Society assist in establishment of day care center by providing financial support to the Company for establishment of day care center. The amount of funds transferred had been initially recognized in non-current liabilities as a deferred grant income. There are no unfulfilled conditions or other contingencies attaching to these grants (Refer note 6.2).		
17.2	This represents non-monetary grants received from Public Sector Development Programme (PSDP) and Japan International Cooperation Agency (JICA) for establishment of Female Exclusive Training Institute (FETI). According to PG-1 (training center) JICA had to provide necessary machinery and PSDP to born all the expenses and also to supervise the project for two years. The project FETI had been handed over to the Company on November 15, 2019. The amount of non-monetary assets transferred (refer note no 6.2 and note 11) had been initially recognized in non-current liabilities as a deferred grant income. There are no unfulfilled conditions or other contingencies attaching to these grants.		
18. DEFERRED LIABILITIES			
Staff retirement gratuity	18.1	9,913,999	8,489,276
18.1	Reconciliation of staff retirement benefits is as follows:

26.1 It represents Rs. 10 per km (2020 : Rs. 10 per km) paid to the Chairman to meet running expenses of his car provided by the Company as well as repair and maintenance expenses of the car.

26.2 During the year no employee of the Company falls in the definition of executive as per requirement of the Companies Act, 2017.

27. NUMBER OF EMPLOYEES

Total number of employees as on June 30, 2021 are 39 (June 30, 2020: 39) and average number of employees during the year ended June 30, 2020 were 38 (June 30, 2020: 33).

28. FAIR VALUE OF FINANCIAL INSTRUMENTS

The carrying values of the financial assets and financial liabilities approximate their fair values. Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction.

Fair value hierarchy

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Underlying the definition of fair value is the presumption that the company is a going concern and there is no intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

IFRS 13 'Fair Value Measurement' requires the company to classify fair value measurements and fair value hierarchy that reflects the significance of the inputs used in making the measurements of fair value hierarchy has the following levels:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly (that is, derived from prices).

Level 3 - Inputs for the asset or liability that are not based on observable market data (that is, unadjusted) inputs.

Transfer between levels of the fair value hierarchy are recognized at the end of the reporting period during which the changes have occurred.

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy. It does not include fair value information for financial assets and financial liabilities not measured at fair value if the carrying amount is a reasonable approximation of fair value.

29. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The company finances its operations through a mix of funds received from Government and working capital management with a view to maintaining an appropriate mix between various sources of finance to minimize risk. The Company's finance department oversees the management of these risks and provide assurance to the Company's senior management that the Company's financial risk-taking activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with Company policies and risk appetite.

The Company has exposures to the following risks from its use of financial instruments:

- Market risk
- Credit risk
- Liquidity risk

29.1 Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises interest rate risk, currency risk and other price risk such as equity risk. The sensitivity analysis in the following sections relate to the position as at June 30, 2021 and 2020.

29.1.1 Interest rate risk:

Interest rate risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Majority of the interest rate exposure arises from deposit with SNGPL, investments in term deposit receipts and balances in deposit accounts.

At the reporting date, the interest rate profile of the Company's interest bearing financial instruments is as follows:

	2021	2020
Fixed rate instruments		
Short term investments (Rupees)	-	40,000,000
Variable rate instruments		
Security deposit with SNGPL (Rupees)	2,550,000	2,550,000
Effective interest rate in percentage	3.67	5.00
Bank balances in deposit accounts (Rupees)	194,118,020	120,640,963
Effective interest rate in percentage	6.00	9.25

Fair value sensitivity analysis for fixed rate instruments

The Company does not account for any fixed rate financial assets and liabilities at FVPL. Therefore, a change in interest rate at the reporting date would not affect income and expenditure statement of the Company.

Cash flow sensitivity analysis for variable rate instruments

If interest rates on balances in deposit accounts and deposit with SNGPL at the year end date, fluctuate by 100 bps higher / lower with all other variables, in particularly foreign exchange rates held constant, profit before taxation for the year 2021 and 2020 would have been affected as follows:

	2021 RUPEES	2020 RUPEES
Effect on income and expenditure of an increase in interest rate for deposit with SNGPL	25,500	24,990
Effect on income and expenditure of an increase in interest rate for balances in deposit accounts	1,757,668	1,247,507
	<u>1,783,168</u>	<u>1,272,497</u>

Decrease in interest rates at June 30 would have had the equal but opposite effect of these amounts. Sensitivity analysis has been prepared on symmetric basis.

29.1.2 Currency risk / Foreign Exchange risk:

Currency risk is the risk that the fair value or future cash flows of a financial instrument, will fluctuate because of changes in foreign exchange rates. Foreign currency risk arises mainly where receivables and payables exist due to foreign currency transactions. The Company is not exposed to any currency risk as there are no receivables and payables denominated in foreign currencies.

29.1.3 Other price risk:

Price risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market. However, the Company is not exposed to any significant price risk.

29.2 Credit risk

Credit risk is the risk representing accounting loss that would be recognized at the reporting date if one party to a financial instrument will fail to discharge an obligation or its failure to perform duties under the contract as contracted. Concentration of credit risk arises when a number of counterparties are engaged in similar business activities or have similar economic features that would cause their ability to meet contractual obligations that is susceptible to changes in economic, political or other conditions. Concentration of credit risk indicates the relative sensitivity of the Company's performance to developments affecting a particular industry. The maximum exposure to credit risk at the reporting date is as follows :

	2021 RUPEES	2020 RUPEES
Long term advances	1,447,218	1,914,340
Long term deposits	8,340,560	8,340,560
Other receivables	367,007	4,181,521
Accrued income	2,791,748	2,808,540
Short term investments	-	40,000,000
Bank balances	194,128,004	120,650,947
	<u>207,074,537</u>	<u>177,895,908</u>

Long term advances are given to employee of the Company and are secured against employees' retirement benefits. Therefore, Company is not exposed to any significant credit risk on these advances.

Long term deposits have been mainly placed with utility companies, i.e. FESCO and SNGPL. Considering the financial position and credit quality of the institutions, Company's exposure to credit risk is not significant.

Other receivables constitute other receivables from tenant of buildings. For receivables, credit quality of parties is assessed taking into consideration their financial position, previous dealings and security deposits against rent agreements. So, the Company is not exposed to any significant credit risk on these receivables.

Accrued income constitute profit receivable on deposit with SNGPL and bank deposits. Considering the credit quality of the counter parties i.e. banks and SNGPL, Company's exposure to credit risk is not significant.

The credit quality of Company's bank balances can be assessed by reference to external credit ratings or to historical information about counterparty default rate:

Name of Bank	Date	Long term	Short term	Outlook	Agency
Habib Metropolitan Bank Limited	25-Jun-21	AA+	A1+	Stable	PACRA
Zarai Taraqiati Bank Limited	30-Jun-21	AAA	A-1+	Stable	JCR-VIS

Due to Company's long standing relationships with these counterparties and after giving due consideration to their strong financial standing, management does not expect non-performance by these counter parties on their obligations to the Company. Accordingly, the risk is minimal.

29.3 Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities.

The Company's approach to manage liquidity risk is to maintain sufficient level of liquidity by holding highly liquid assets and the availability of funds. This also includes maintenance of financial position liquidity ratios through working capital management. The management believes that the Company is not exposed to any liquidity risk.

The following are the contractual maturity analysis of financial liabilities as at June 30, 2021 and 2020:

2021				
Carrying amount	Contractual cash flows	Within 6 months	More than 6 months and up to 1 year	More than 1 year and up to 5 years
[R U P E E S]				

Financial Liabilities :

Trade and other payables	506,550	506,550	506,550	-	-
Security deposits	11,575,352	11,575,352	11,575,352	-	-
	<u>12,081,902</u>	<u>12,081,902</u>	<u>12,081,902</u>	<u>-</u>	<u>-</u>

2020				
Carrying amount	Contractual cash flows	Within 6 months	More than 6 months and up to 1 year	More than 1 year and up to 5 years
[R U P E E S]				

Financial Liabilities :

Trade and other payables	389,937	389,937	389,937	-	-
Security deposits	11,575,352	11,575,352	11,575,352	-	-
	<u>11,965,289</u>	<u>11,965,289</u>	<u>11,965,289</u>	<u>-</u>	<u>-</u>

30. FUND MANAGEMENT

The primary objective of the Company's fund management is to safeguard the Company's ability to continue as a going concern and to maintain a strong fund base to support the sustained development of its operations and to ensure ample availability of finance for its existing and potential investment projects, so that it can continue to provide returns for stakeholders thereby maximizing their wealth and reduce the cost of funds.

31. TRANSACTIONS WITH RELATED PARTIES

The related parties comprise of entities under common directorship, directors, their close family members and other key management personnel. The outstanding balances with related parties, significant transactions carried out with them during the year and remuneration to chairman, directors and others have been disclosed in the relevant notes to these financial statements.

32. DATE OF AUTHORIZATION FOR ISSUE

The financial statements were authorized for issue on 01 OCT 2021 by the Board of Directors of the Company.

33. GENERAL

33.1 Corresponding figures

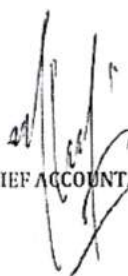

Corresponding figures have been rearranged, wherever necessary, for the purpose of better presentation and comparison. However, during the year no significant reclassifications are made in the corresponding figures.

33.2 Rounding

Figures have been rounded off to the nearest Rupee

SCHEDULE II

See Paragraph 2(3)

Explanation for Non-Compliance with the Public Sector Companies (Corporate Governance) Rules, 2013

We confirm that all other material requirements envisaged in the Rules have been complied with [except for the following, toward which reasonable progress is being made by the company to seek compliance by the end of next accounting year]:

Sr. No.	Rule/sub-rule no.	Reasons For non-Compliance	Future course of action
5	4(1) Chairman is working separately from CEO	At present Chairman is performing the responsibility of CEO, as the CEO has not been appointed yet. However in the previous years, exemption from appointment of Chief Executive Officer was available which remained valid till 2019. Thereafter, application was moved for renewal of this exemption at par with initiating the procedure for appointment of CEO. In the latest correspondence the commission has held in letter no. SD/OS-/242/F/02/2017-52 that " <u>It is informed that the Company's application dated June 05, 2020 seeking exemption from Rule 4(1) in terms of Rule 24(3) of the Public Sector Companies (Corporate Governance) Rules, 2013 (the PSC Rules) has been referred to the relevant department of the Commission for further processing.</u> "	The BOD has proceeded for appointment of CEO and soon the procedure will be completed.
7	5(2) Evaluated the candidate for the position of the CEO	On the recommendation of BODs and advice of the Federal Government (M/o Commerce), Islamabad, the post of Chief Executive Officer (CEO) in Faisalabad Garment City Company (FGCC), Faisalabad was advertised in the press on 30th June, 2021. In response 14 candidates applied for the post and the Short Listing/ Scrutiny Committee examined their credentials/ record/ documents but unfortunately none of them could qualify during the short-listing process.	BODs unanimously accepted the Report of Scrutiny / short-listing Committee and approved to go for re-advertisement of the post of CEO within 10 days and receipt of online applications.

REHAN NASEEM BHARARA
